Standard Features

- Large color display 4.3”(110mm).
- Capacity, division and date on display.
- NEMA 4x/ IP69K Stainless Steel.
- Configurable ticket format.
- Setpoints.
- Static Checkweighing - Over/Under (display color change).
- Simple filling.
- Peak hold.
- Parts counting.
- Filling function.
- Local/Remote operation from PC.

Options

- Serial for PC, Printer or Remote Display,
- Analog output 4-20mA, 0-10V.
- Relay Output.
- Ethernet TCP/IP.

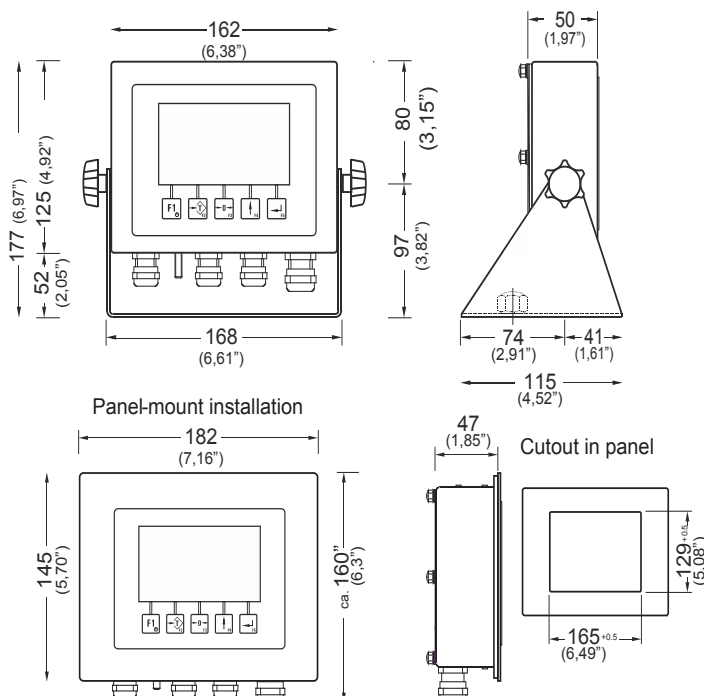

Options/Accessories

PART#	DESCRIPTION	PRICE
20290	Overlay Menbrane	\$35.00
20291	Extra Memory Module	\$120.00
20292	I/O Module 2 channels	\$90.00
20293	Analog Output 4-20mA / 0-10V	\$250.00
20294	Ethernet TCP/IP	\$120.00
20295	USB Printer/Keyboard	\$195.00
20296	RS232 Port	\$90.00
20297	RS485 Port	\$90.00
20298	Vibration Protection Bracket	\$35.00
20399	Software - IT Configurator	\$35.00

Specifications

Power:	110 - 240VAC or 12 - 30 VDC
Excitation Voltage:	5V ± 5%, 8 x 350 Ω or 16 x 700 Ω
Resolution:	524,000 d
Status Annunciators:	Capacity, division, date, time, gross, net, lb, kg, tare
Temperature range:	14°F to 104 °F (-10°C to 40°C)
Processor:	32 bit Arm 266 MHZ
(Optional) Communication ports:	RS232 or RS485 or Ethernet TCP/IP and USB
(Optional) Analog Output:	15 Bit Resolution, 0 - 10 VDC, 0-20 mA, 4 -20 mA
Warranty:	Two-year limited warranty
